

## Prime Schools PLUS Program Details

For over a decade CASIO Education has been supporting teachers and students to ensure the optimal use of its products, currently the CASIO fx-82AU PLUS II, CASIO fx-100AU PLUS, CASIO fx-CG50AU and the CASIO ClassPad II (fx-CP400).

The support has included:

- Hundreds of free face-to-face workshops
- Freely available classroom materials
- Phone and online assistance
- The establishment of the very popular Lead School and Top School Programs

In our on-going efforts to better serve our schools, it is with great pleasure we introduce the Australia-wide school support program, **Prime Schools PLUS**.

It is free to join and provides excellent support.

The Prime Schools PLUS program is for schools that book-list one or more of the CASIO fx-82AU PLUS II, CASIO fx-100AU PLUS, CASIO fx-CG50AU and the CASIO ClassPad II (fx-CP400).

To join, the school is required to provide evidence of book-listing, in the form of the school's current book/ stationery / resource list or a copy of an order invoice to your local supplier for the order of any of the eligible Casio calculators. This is for us to verify that the school book-lists one or more of the CASIO fx-82AU PLUS II, CASIO fx-100AU PLUS, CASIO fx-CG50AU and the CASIO ClassPad II (fx-CP400) models.

The support offered is summarised in the following table:
