Will your students be fully prepared for the CAS technology requirements of the Methods and Further examinations?

Ensure they are with the two latest releases from Team Steps:

‘Using ClassPad in the VCE Methods Exam’ and ‘Using ClassPad in the VCE Further Exam’

These books:

- Include the latest and most effective technology-methods for VCE examination questions available in the latest operating system (OS 3.04)
- Are written by ClassPad experts with careful advice from expert Victorian teachers
- Demonstrate the methods with exam-like questions and in a pictorial manner with full colour annotations to make learning easy
- Provide a minimum set of methods to help with student accuracy and efficiency in an examination setting.

Contact us or authorised CASIO distributors for more information. Terms and conditions are subject to change. Available from March 2010.
